30/05/20

- Generate new data configuration with more BPE subwords
  - `Oriol`

31/05/20

- Apply Lower case and camelCase removal to `.lex` `.triples` for pretrained embeddings
  - `Roser` `Oriol`
- Train Convolutional
  - `David`
- Train Transformer with positional encoding and other interesting parameters
  - `David`
- Loss plots
  - `Roger`

01/06/20

- Train Back Translation with pretrained embeddings
  - `David`
- Generate an entity list related to train data for BT and scrape Wikipedia content
  - `Roser` `Oriol`
- Report Architectures
  - `Roger`

02/06/20

- Proces Wikipedia scrape
  - `Roser`
- Report hyperparameter tuning
  - `David` `Roger`
- Report Related Work
  - `Oriol`
- Train Convolutional and Transformer using pretrained embeddings
  - `David`

03/06/20

- Train Convolutional and Transformer with more BPE subwords
  - `David`

- Report embedding experiment & pretrained embeddings preprocessing modifications
  - `Roger` `Oriol`

04/06/20

- Report back translation 1st approach
  - `David`
- Generate Synthetic Data with BT
  - `Oriol`

05/06/20

- Train Convolutional and Transformer using synthetic Data
  - `David`
- Report BPE performance
  - `Roger`

06/06/20

- Report back translation 2nd approach
  - `Oriol`
- Report Conclusions
  - `Roser` `Oriol`
